Total Expenses		\$ 10,044	\$ 1,756.10		

SPider Man Movie made \$57.60

Danang Fundraiser raised \$500. This was in part a donation from the family.

February Minutes Approved

Fundraising Report: Shana Charles (nice hat!)

5K RUN

Evrieth called for volunteers and information needed for forms when eliciting donations.

Shana suggested we use MCC President email to use for all the fundraising efforts. We are waiting for Ms. Stevic to respond to our request for a P.A. system and timing system. Evrieth called for volunteers. Matt and Amy volunteered to help display the signs. We discussed having shirts, decided not to. We need to send out those letters to sponsors. We supported Shana in writing down what she thought best for the donation forms.

Shawna C. said she is working to find more restaurants for fund raisers.

CSI Liaison? Wendy Vance

Do we want to advertise CSI fundraisers on our web ?

We agreed to support each other (between CSI and MCC) and await a final poster for their upcoming film - My Neighbor Totoro which will screen at the Capitol Theater on 4/24/2022 at 12 pm.

Principal'sCorner: Condee Wood

Full steam ahead on this Friday's Day of Service (2/4). We know it's going to be hard work and it might rain. There are 17 locations.

The new masking requirements. Starting March 14th masks are optional. Students are still discussing who is going to wear them, who's not. We still have not received guidance about distancing. We won't make any changes (lunch, distancing in class, etc) until we receive that guidance.

We are adding a CTE club after school this week. Topics include: robotics, visual communication, graphic arts, horticulture etc.

There are over 60 students participating in athletics: Boys B-ball, Girls Soccer. Lots of seventh graders. We have J.V. and Varsity for all sports. Track starting April 25 for 7th and 8th graders. 6th graders get two weeks of track in June. Many first-time athletes. Go team!

Work continues on the School Parent Compact.

Condee talked about the new pamphlet. We polished some of the language. We don't want to overwhelm parents with communication or pressure to participate. Also, we should make sure we include access in multiple languages. We are working with OSDEF to help us with

translation and to expand access in more languages. Matt suggested we include MCC family businesses as an insert.

Due to Spring Break during the first week of April the next MCC meeting will be the following week on Tuesday April 12th 6-730 pm.

Alison raised an issue of adding a phone number or point of contact for homework club- will follow up with an update at the next meeting in April.

Thanks!
